Press Release

Dale Sauer Homes was awarded the “Distinguished Single Family Builder of the Year” 2009

The Greater San Antonio Builders Association recognizes leaders in the industry.

San Antonio, Texas – Dec 11, 2009: During the Annual Associations Installation of Officers and Awards Gala held at Oak Hills Country Club, Dale Sauer was awarded the “Distinguished Single Family Builder of the Year 2009”. This award is presented to the company which has distinguished itself through involvement in the Association, participating in industry issues, commitment to community activities, as well as innovation and leadership in the marketplace. Below, Fred Elsner presents Dale the award.

Dale Sauer is a hands-on builder operating as owner, business manager, and project manager at all times constructing *conventional, timber frame, and SIP panel* homes on your land or on one of his lots. When you hire Dale to build your home, you work directly with him throughout the entire process.

Building eight to twelve custom homes annually in the San Antonio and surrounding hill country areas, at Dale Sauer Homes their belief is that building a custom home is a team effort guided through experience, scheduling, and a common goal of customer satisfaction.
